Karachi, Pakistan

PROFESSIONAL SUMMARY

Ambitious Software Engineering student at Jinnah University for Women with a strong foundation in both technical development and creative design. Skilled in front-end web technologies (HTML, CSS), UI/UX design (Figma, Photoshop, Illustrator), and digital marketing. Certified by Google in UX Design, Digital Marketing & E-Commerce, and AI Prompting. Experienced in delivering real-world projects — from designing professional interfaces and graphic assets to participating in competitive coding events. Projects available on GitHub. Passionate about building user-centered digital products that combine strong engineering thinking with compelling design.

EXPERIENCE

Graphic Design Trainee

Bano Qabil | 3 Months

- Completed an intensive 3-month graphic design program covering visual design principles, typography, color theory, and brand identity.

- Worked with industry-standard tools including Adobe Photoshop and Illustrator to create professional-grade visual assets.
- Developed a portfolio of design projects demonstrating proficiency in print and digital media design.

Event Management Team Member & Graphic Designer

JTECH Mega Event – Jinnah University for Women | 2025 – Present

- Designed promotional materials — posters, banners, certificates, and social media creatives — using Canva and graphic design tools, boosting event visibility across digital platforms.
- Coordinated event registrations, scheduling, and documentation using MS Word and Excel for 500+ attendees.
- Maintained consistent visual branding across all JTECH event communications over multiple years.
- Recognized formally for outstanding contributions in both graphic design and event coordination.

ACHIEVEMENTS

- Recognized for graphic design excellence and event management contributions at JTECH Mega Event (multi-year).
- Techathon 2.0 – Bahria University Karachi: Participated in "Code in the Dark" competition, demonstrating real-time front-end coding skills under pressure.
- 2nd International Conference on Cyber Security & Digital Defense: Volunteered as a Graphic Designer, creating visual materials and supporting conference branding for an international academic event.
